

Grower Results

9/16/2019

Increase Yield by Inoculating Soybeans with BioSinc

Crop:
Soybean

Researcher:
Grower Trials

Site Location:
USA

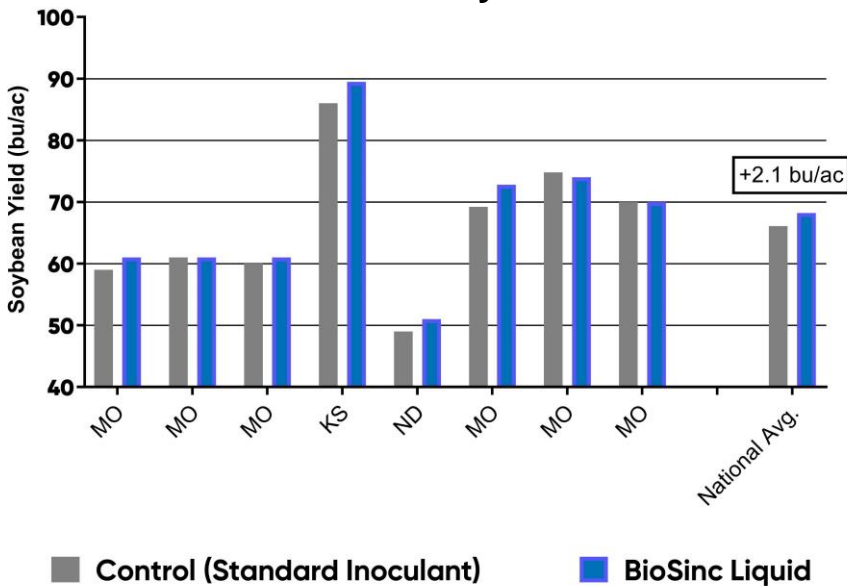

OBJECTIVE

To combine all the results of studies done by growers to get a national average.

KEY FINDINGS

Increased Yield by
2.1 bu/ac

Cumulative Soybean Yield

APPLICATION

Product	Application Rate	Timing
Untreated		
BioSinc Treated Seed	2 oz/cwt	Treated on Seed
